USHER | Salle André Mathieu - 2004-2008 |

**MUSICIAN
COMPOSER
AUDIO ARTIST**

BIOGRAPHY

Driven by the strongest desire to express himself and an almost insatiable thirst for music from an early age, David was 15 when a forgotten guitar forever changed the course of his life.

This instrument will allow him to experiment with several soundscapes, through composition, within groups and as an audio artist. Today the artist is increasingly interested in computer composition, the link between sound and image and interactive music.
